Academic Skills Centre

New or Modified Course

Course title	**Becoming an Effective Online Learner**
Target participants	All students (esp. adult students)
Course aims	To give students confidence using LEARN and skills to manage their online learning requirements.
Learning outcomes	**By the end of the course, students should be able to:** • On LEARN, download documents and upload assessments; participate in a forum discussion; and complete a quiz and a feedback questionnaire. • Identify and implement strategies for managing course requirements and study expectations in an online setting.
Course description	Knowing how to use online resources is essential for succeeding in your studies. This hands-on workshop is designed to help you improve your confidence in this area. You will complete a range of tasks on LEARN, acquire strategies for managing online study, and have the opportunity to discuss your experiences with others.
Learning Advisor(s)	Trevor Nesbit (Academic Development Team) Supported by Michael Weiss
Number and length of sessions	One 50-minute session
Day(s) and dates	Initially Wednesday 5 May 2021, with view to being repeated in subsequent terms.
How is the course delivered?	Hands-on workshop in computer lab.
Any specific equipment, text, handouts or prerequisite?	Computer lab, data projector.
